PURPOSE

Incorporating celebrations into children's services appropriately, can be used to strengthen the partnership with children and families, creating a feeling of belonging and developing a sense of community amongst families, educators and children.

Integrating celebrations delicately and courteously into the services program is an enriching experience for children, educators and families. Celebrations provide an opportunity for children to develop respect for diverse values and beliefs as they learn about practices which are different to their own.

It is imperative to recognise the array of celebrations, both religious and worldly, that take place through the year in our community and to have an understanding of, and respect for, cultural diversity in our services.

SCOPE

This policy applies to children, families, staff, management and visitors of the service.

IMPLEMENTATION

Management/Nominated Supervisor/Certified Supervisor will ensure:

- To incorporate relevant, culturally based experiences and celebrations in the children's program which address different learning opportunities which include: fostering a sense of belonging and inclusions for every child, family and staff member (EYLF, p.7), increasing children's understanding of, and respect for, diversity and differences (EYLF, p.13), Raising children's self-awareness and confidence, providing for children's holistic development and supporting a positive identity for every child and family (EYLF, p.2)
- Religious celebrations such as Christmas and Easter will be recognised within the Service and reflected in our programs.
- All cultural celebrations that are significant to our families and relevant to our broader community are implemented within the service
- Families are aware of the Celebration Policy during their orientation process and kept updated throughout the year via centre communication programs.
- If a cake is required for a child's birthday it is recommended that an ice cream cake or cupcakes be provided as this reduces the major allergy risks associated with most other cakes.
- Families discuss cake options with educators prior to the celebration
- Families are to provide a list of all ingredients for both bought and home made cakes.
- Families are reminded of the allergies in the service prior to any celebrations
- Educators are aware and make alternate arrangements if families would prefer that their child does NOT participate in such celebrations.
- If this is the case we will respect the rights and feelings of this child and will provide an alternative experience for them to participate in so that they do not feel that they are being left out.
- The Service has an 'Events Calendar' that is used to support such events throughout the year. We ask that families add their celebration to the calendar so Educators can prepare the program
- Encourage families to be involved in the preparation and/or the celebration in the Service
- Educators remain current with the professional knowledge and skills that support planning for and engaging in culturally inclusive practice

Educators will:

- Will advise the Nominated Supervisor prior to any celebrations where food is provided to children.
- Receive the list of ingredients of the cake being used and ensure that no children in the room have any allergies associated with any of the ingredients before the cake is taken into the room.
- Ensure the use of candles is carried out with the children's safety in mind and fully supervised. A risk assessment will be submitted to the Nominated Supervisor prior to celebrations.
- Ensure the child celebrating their birthday has a separate cake (with a candle, if they wish) and a large cake that can be cut and shared with the other children
- Be aware of cultural tokenism and stereotyping
- Encourage and supporting family members to be involved in sharing their customs and celebrations with our service
